Consideration of Performance Audit Topics

Designating K-GOAL audits. Justin Stowe, Deputy Post Auditor, told the committee that, under the K-GOAL law, the committee is required to designate at least four audits each calendar year as K-GOAL audits. Those audits are supposed to be focused on efficiency and cost savings issues, and are to be completed no later than December 1 in any year. Staff suggested four audits that seem to match the criteria contemplated by the K-GOAL law:

Completed as of today's meeting:

- K-12 Health Insurance: Evaluating the Financial Impact of Establishing a Consolidated K-12 Health Insurance Plan (R-17-001)
- K-12 Education: Efficiency Audit of the Garden City School District (R-17-002)
- Office of Information Technology Services: Reviewing the State's Options Related to the FirstNet Public Safety Network (R-17-004)

Approved but not completed:

- K-12 Education: Efficiency Audit of the Bucklin School District

Representative DeGraaf moved to approve the audits recommended by staff. Representative Schroeder seconded the motion; motion carried.

Limited-scope audit requests. Mr. Stowe told members that LPAC Rule 1-3(b)(1) states that a limited-scope audit request that has been preliminarily approved by the chairperson shall appear as an agenda item at the next meeting of the committee. Unless a member moves to remove it, any such audit will be considered approved by the committee without objection.

Mr. Stowe noted that the chair has preliminarily approved the following limited-scope audit requests:

- *Kansas Highway Patrol: Evaluating How Much It Cost to Maintain and Operate the Plane Used to Transport State Officials* (Requested by Representative Tim Hodge)
- *Property Valuation: Evaluating the Potential Impact of Changing How Agricultural Land is Valued in the State* (Requested by Representative Adam

Smith)

Without objection, the audits are considered approved.

Reconsideration of audit topics approved for Fiscal Year 2017. Scott Frank briefed the committee on two audit topics that have been approved by the committee but not yet started. He said that, since members are today considering topics for the coming fiscal year, they might want to reconsider these two topics in light of the other proposals before them. The two approved audit projects are:

- *Energy Conservation: Evaluating Energy Conservation Measures Taken by State Agencies, Universities, and School Districts* (requested by Representative Mark Hutton)
- *KanCare: Reviewing the Timeliness of Medicaid Eligibility Determinations* (requested by Representative Louis Ruiz)

Senator Kelly moved to reconsider these topics together with the other topics currently under consideration at today's meeting. Representative DeGraaf seconded the motion; motion carried.

Follow-up items. Rick Riggs, Administrative Auditor, briefly summarized items the division tracks on behalf of the committee.

Wrap-Up

Additional business. Mr. Frank noted that because of Ron Estes' election to fill Mike Pompeo's vacant House seat, there will be a change in State Treasurer. This change triggers an audit of the Treasurer's Office. Mr. Frank said that Legislative Post Audit will absorb the cost of this audit, to be conducted by the firm of CliftonLarsonAllen, but he may seek legislation that would specify that the Treasurer's Office would pay for any such audit in the future.

Date of next meeting. Scott will work with chair to schedule a full meeting in July.

Adjournment

The meeting adjourned at 2:42 p.m.
