INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Legislative Post Audit Committee Kansas State Legislature State of Kansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Kansas (the State), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the State's basic financial statements, and have issued our report thereon dated November 16, 2018. Our report includes a reference to other auditors who audited the financial statements of the various component units of the six state universities, the Kansas Development Finance Authority (KDFA), the Kansas Center for Entrepreneurship (KCE), the Kansas Turnpike Authority (KTA), the Information Network of Kansas, Inc. (INK), Kansas Lottery and the Kansas Universal Services Fund (reported within the State Regulatory Boards and Commission Fund) as described in our report on the State's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the various component units of the six state universities, KCE and INK were not audited in accordance with Government Auditing Standards.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the State's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State's internal control. Accordingly, we do not express an opinion on the effectiveness of the State's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Legislative Post Audit Committee Kansas State Legislature State of Kansas

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying financial statement schedule of findings listed as 2018-001, 2018-002, 2018-003 and 2018-004 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the State's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

State of Kansas' Response to Findings

Clifton Larson Allen LLP

The State's response to the findings identified in our audit are described in the accompanying financial statement schedule of findings. The State's response were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Legislative Post Audit Committee Kansas State Legislature State of Kansas

Report on Compliance for Each Major Federal Program

We have audited the State of Kansas' (the State) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the State's major federal programs for the year ended June 30, 2018. The State's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

The State's basic financial statements include the operations of the six State universities, whose various component units received federal awards, which are not included in the schedule of expenditures of federal awards during the year ended June 30, 2018. Our audit, described below, did not include the operations of various component units of the State, including component units of the six State universities because the university component units engage other auditors to perform audits in accordance with Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). The schedule of expenditures of federal awards does include the federal awards received by the Kansas Housing Resources Corporation, which is a component unit of the State.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the State's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the State's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

Legislative Post Audit Committee Kansas State Legislature State of Kansas

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the State's compliance.

Opinion on Each Major Federal Program

In our opinion, the State complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2018-005, 2018-007, 2018-008, 2018-009, 2018-010, 2018-011, 2018-012, 2018-013, 2018-014, 2018-015, 2018-016, and 2018-017. Our opinion on each major federal program is not modified with respect to these matters.

The State's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The State's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Management of the State is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the State's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the State's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2018-005, 2018-008, 2018-011, 2018-013, 2018-014, 2018-015, and 2018-016 to be material weaknesses.

Legislative Post Audit Committee Kansas State Legislature State of Kansas

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2018-006, 2018-007, 2018-009, 2018-010, 2018-012, and 2018-017 to be significant deficiencies.

The State's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The State's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Kansas (the State) as of and for the year ended June 30, 2018. We issued our report thereon dated November 16, 2018, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

STATE OF KANSAS NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2018

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The accompanying schedule of expenditures of federal awards presents the activity of all federal award programs of the State of Kansas for the year ended June 30, 2018. All federal awards received directly from federal agencies, as well as federal awards passed through other governmental agencies, are included on the schedule. The federal awards of the component units of the six state universities are audited by other auditors in accordance with 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Uniform Guidance), as a separate engagement from the State's audit. The schedule of expenditures of federal awards does include the federal awards received by Kansas Housing Resources Corporation, which is a component unit of the State. Federal awards passed through other third-party entities are shown as indirect awards in the schedule. The schedule of expenditures of federal awards does not include any federal awards received by the Kansas Development Finance Authority (KDFA), the Kansas Center for Entrepreneurship (KCE), the Kansas Turnpike Authority (KTA), Information Network of Kansas, Inc. (INK), the Kansas Lottery and the Kansas Universal Services Fund (reported within the State Regulatory Boards and Commission Fund).

Basis of Accounting

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the State of Kansas and is presented on the modified-accrual basis of accounting, with the exception of amounts reported by the Kansas Department of Transportation (KDOT) and the Board of Regents. In accordance with KDOT's contracts with the U.S. Department of Transportation, federal expenditures are reported on a cash basis. For the Board of Regents, the expenditures are reported on a full accrual basis. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. Federal award program titles are reported as presented in the Catalog of Federal Domestic Assistance (the Catalog). Federal award titles not presented in the Catalog, but with the applicable Federal agency identified, are reported with the related Federal agency prefix number followed by (.000). If Federal award titles are not presented in the Catalog and the applicable Federal agencies have not been identified, they are reported as 99.999, in the "Other Federal Grants" section of the schedule.

Indirect Costs

The State of Kansas has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance.

NOTE 2 STUDENT FINANCIAL ASSISTANCE PROGRAMS

Federally funded student financial assistance programs are directly administered for the State of Kansas by the various Boards of Regents. The programs at each institution are administered separately from those of any other institution. Loans made during the year are included in the federal expenditures presented in the schedule.

STATE OF KANSAS NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2018

NOTE 2 STUDENT FINANCIAL ASSISTANCE PROGRAMS (CONTINUED)

The Board of Regents' institutions are responsible only for the performance of certain administration duties with respect to the Federal Direct Loan Program and, accordingly, it is not practical to determine the balance of loans outstanding to students or former students under this program.

The Board of Regents' institutions participates in the Federal Perkins Loan Program (CFDA # 84.038). As of June 30, 2018, the balance of loans outstanding was \$70,006,693.

NOTE 3 REVOLVING LOAN FUNDS

The Water Pollution Control Revolving Fund and the Public Water Supply Loan Fund (both administered by the Kansas Department of Health and Environment) are revolving loan funds. Federal funded new loans provided under these programs are included as expenditures on the schedule of expenditures of Federal awards. Per the Uniform Guidance, loan proceeds that were received and expended in prior years are not considered federal awards expended (and thus not shown on the schedule of expenditures of federal awards) as those loans do not include continuing compliance requirements other than the repayment of the loans. The State is required to identify in the notes to the schedule of expenditures of federal awards the balances outstanding at the end of the audit period. The State had the following loan balances outstanding at June 30, 2018:

	<u>CFDA</u> <u>Number</u>	<u>Amounts</u> <u>Outstanding</u>
Water Pollution Control Revolving Fund	66.458	\$ 384,982,715
Public Water Supply Loan Fund	66.468	204,291,789

The amounts shown as outstanding for CFDA #'s 66.458 and 66.468 were not funded entirely with federal monies.

NOTE 4 UNEMPLOYMENT INSURANCE FUNDS

State unemployment tax revenues and the government and non-profit contributions in lieu of state taxes (State UI funds) must be deposited into the Unemployment Trust Fund in the U.S. Treasury. Use of these funds is restricted to pay benefits under the federally approved State Unemployment Law. For the year ended June 30, 2018, federal and state UI funds in the amount of \$175,207,287 are reported along with other federal funds in the schedule of federal expenditures under CFDA # 17.225.

I. <u>Summary of Independent Auditors' Results</u>

Financial Statements

Type of auditors' report issued: Unmodified				
Internal control over financial reporting:				
Material weakness(es) identified?		Yes	X	No
Significant deficiency(ies) identified that are not considered to be material weaknesses	X	Yes		None Reported
Noncompliance material to financial statements noted?		Yes	X	No
Federal Awards				
Internal control over major programs:				
Material weakness(es) identified?	X	Yes		No
Significant deficiency(ies) identified that are not considered to be material weaknesses	X	Yes		None Reported
Type of auditors' report issued on compliance for major pr	rograms:	Unmo	odified

II. Financial Statement Findings

2018 – 001 – General Fund Passed Adjustment

Type of Finding: Significant Deficiency in Internal Control over Financial Reporting

Condition: In accordance with K.S.A. 75-3728, a DA-32 report is submitted by the Department for Children and Families to the DOA at the conclusion of each fiscal year. The DA-32 report outlines the beginning fiscal year receivable balance, current year activity, calculated ending balance and the estimated allowance for doubtful accounts related to federal grant programs.

Criteria or specific requirement: The State is required to report a receivable and related revenue due to its involvement in federal grant programs at the close of each fiscal year. Year-end financial reporting is the responsibility of the Financial Integrity Team within the Department of Administration (DOA). The State of Kansas utilizes a financial management system called the Statewide Management Accounting and Reporting Tool (SMART). When an agency (other than the DOA) utilizes the SMART system, the accounting clerk of that agency or another agency employee with specific rights in SMART, records and codes financial activity in SMART.

For the agencies that do not use SMART to record year-end financial activity such as accounts receivable, the Financial Integrity Team sends out a questionnaire at the end of each fiscal year to these agencies to collect all necessary financial information. The Financial Integrity Team inputs this information into SMART at a summary level for recording in the CAFR. Period end account reconciliations and accruals are made either by the Financial Integrity Team or by the underlying agency. Account reconciliations performed include the recording of accounts receivable and revenue. The Financial Integrity Team reviews back up documentation for agency calculated accruals.

Context: As of June 30, 2018, accounts receivable and revenue were overstated in the General Fund.

Effect: Accounts receivable and revenue could be materially misstated at the close of the fiscal year if journal entries are not properly recorded and approved.

Cause: The year-end journal entry made by the State to record the year-end accounts receivable and revenue included an amount, which is not eligible for reimbursement and should not have been recorded as accounts receivable and revenue. The result is \$3 million overstatement of the related accounts receivable and revenue within the General Fund. The State has elected to record as a passed adjustment as of June 30, 2018.

Recommendation: We recommend the State review, improve and document its procedures surrounding the year-end journal entry process, specifically, related to accounts receivable and related revenues.

Views of responsible officials and planned corrective actions:

Actions planned in response to finding: The State will be formulating and adopting a policy regarding accounts receivable in 2019. In conjunction with that, the related procedures in regard to the year-end journal entry process for accounts receivable will be reviewed, updated as necessary, and documented.

2018 - 002 - Grant Accounts Receivable, Deferred Inflows of Resources and Revenue

Type of Finding: Significant Deficiency in Internal Control over Financial Reporting

Condition: In accordance with K.S.A. 75-3728, a DA-32 report is submitted by the Kansas Department of Aging and Disability Services to the DOA at the conclusion of each fiscal year. The DA-32 report outlines the beginning fiscal year receivable balance, current year activity, calculated ending balance and the estimated allowance for doubtful accounts related to federal grant programs.

Criteria or specific requirement: The State is required to report a receivable and related revenue due to its involvement in federal grant programs at the close of each fiscal year. Year-end financial reporting is the responsibility of the Financial Integrity Team within the Department of Administration (DOA). The State of Kansas utilizes a financial management system called the Statewide Management Accounting and Reporting Tool (SMART). When an agency (other than the DOA) utilizes the SMART system, the accounting clerk of that agency or another agency employee with specific rights in SMART, records and codes financial activity in SMART.

For the agencies that do not use SMART to record year-end financial activity such as accounts receivable, the Financial Integrity Team sends out a questionnaire at the end of each fiscal year to these agencies to collect all necessary financial information. The Financial Integrity Team inputs this information into SMART at a summary level for recording in the CAFR. Period end account reconciliations and accruals are made either by the Financial Integrity Team or by the underlying agency. Account reconciliations performed include the recording of accounts receivable and revenue. The Financial Integrity Team reviews back up documentation for agency calculated accruals.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The State considers all revenues reported in the governmental funds to be available if the revenues are due at year-end and collected within sixty days thereafter.

Context: As of June 30, 2018, revenue is overstated and deferred inflows of resources is understated in the Social Services Fund.

Effect: Deferred inflows of resources and revenue could be materially misstated at the close of the fiscal year if journal entries are not properly recorded and approved.

Cause: A journal entry was incorrectly made to record accounts receivable and revenue related to federal grant activity in the Social Services Fund. It was noted that approximately \$2.1 million recorded as revenue was not received within the period of availability or sixty days within year end. The result is an overstatement of revenue as June 30, 2018 in the Social Services Fund. The State has elected to record as a passed adjustment as of June 30, 2018.

Recommendation: We recommend the State review, improve and document its procedures surrounding the year-end journal entry process, specifically, related to accounts receivable and related revenues.

Views of responsible officials and planned corrective actions:

Actions planned in response to finding: The State will be formulating and adopting a policy regarding accounts receivable in 2019. In conjunction with that, the related procedures in regard to the year-end journal entry process for accounts receivable will be reviewed, updated as necessary, and documented.

2018 - 003 - Health & Environment Receivable, Deferred Inflows of Resources and Revenue

Type of Finding: Significant Deficiency in Internal Control over Financial Reporting

Condition: At year-end, the State records accounts receivable and revenue based on information provided by Kansas Department of Health & Environment (KDHE) related to the Medicaid Drug Rebate Program. KDHE bills drug manufacturers once per quarter. The fiscal agent provides a drug rebate aging report on a quarterly basis.

Criteria or specific requirement: The State is required to report a receivable and related revenue due to its involvement in the Medicaid Drug Rebate Program at the close of each fiscal year. Year-end financial reporting is the responsibility of the Financial Integrity Team within the Department of Administration (DOA). The State of Kansas utilizes a financial management system called the Statewide Management Accounting and Reporting Tool (SMART). When an agency (other than the DOA) utilizes the SMART system, the accounting clerk of that agency or another agency employee with specific rights in SMART, records and codes financial activity in SMART.

For the agencies that do not use SMART to record year-end financial activity such as accounts receivable, the Financial Integrity Team sends out a questionnaire at the end of each fiscal year to these agencies to collect all necessary financial information. The Financial Integrity Team inputs this information into SMART at a summary level for recording in the CAFR. Period end account reconciliations and accruals are made either by the Financial Integrity Team or by the underlying agency. Account reconciliations performed include the recording of accounts receivable and revenue. The Financial Integrity Team reviews back up documentation for agency calculated accruals.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The State considers all revenues reported in the governmental funds to be available if the revenues are due at year-end and collected within ninety days thereafter for the Department of Health and Environment Medicaid Drug Rebate Program.

Context: As of June 30, 2018, revenue was overstated and deferred inflows of resources was understated in the Health & Environment Fund.

Effect: Accounts receivable, deferred inflows of resources and revenue can be materially misstated at the close of the fiscal year if journal entries are not properly recorded and approved.

Cause: During our audit, we identified the following issues related to the Health & Environment Fund:

 The Health & Environment Fund overstated revenue and understated deferred inflows of resources by approximately \$30 million due to the State not receiving cash receipts within the ninety day collection period used by the Department of Health and Environment Medicaid Drug Rebate Program.

- We noted approximately \$23 million of adjustments identified for the quarter ending September 30, 2018 relating to the period ending June 30, 2018 and prior that should have increased the accounts receivable balance as of June 30, 2018.
- The State understated the allowance for doubtful accounts and overstated revenue by approximately \$21 million due to a prior period claim recorded during the quarter ending June 30, 2018 that was deemed to be uncollectible subsequent to year-end.
- The State overstated accounts receivable and revenue by approximately \$14.3 million due to double counting certain drug rebate receipts within both the Medical Assistance and Medicaid Drug Rebate Program receivable balances.

Recommendation: We recommend the State review, improve and document its procedures surrounding the year-end journal entry process, specifically, related to accounts receivable and related revenues over the Medicaid Drug Rebate Program. In addition, we recommend KDHE document and improve its procedures surrounding year-end reporting of accounts receivable and related revenues over the Medicaid Drug Rebate Program, plus any resultant potential legal liabilities from this grant and otherwise.

Views of responsible officials and planned corrective actions:

Department of Administration response:

Actions planned in response to finding: The Financial Integrity Team will require the agency to provide complete and accurate documentation regarding the processes of the Medicaid Drug Rebate Program in support of the agency methodology for calculation of the accounts receivable balance reported. In addition, the State will be formulating and adopting a policy regarding accounts receivable in 2019. In conjunction with that, the related procedures in regard to the year-end journal entry process for accounts receivable will be reviewed, updated as necessary, and documented.

Kansas Department of Health & Environment (KDHE) response:

Actions planned in response to finding: KDHE will provide complete and accurate documentation regarding the processes of the Medicaid Drug Rebate Program in support of the agency methodology for calculation of the accounts receivable balance reported. KDHE will also include any potential liabilities, for grants and otherwise, in their legal letter due to DOA in August following fiscal year end.

2018–004 – Financial Statement Adjustments

Type of Finding: Significant Deficiency in Internal Control over Financial Reporting

The Kansas State University System (University System) comprises seven constituent universities. The University System, along with its respective foundations, are reflected as a discretely presented component unit in the State of Kansas Comprehensive Annual Financial Report (State CAFR). In order to ensure information is complete and accurate in the State CAFR, each university is responsible for submitting accurate consolidated trial balances up to the State's Financial Integrity Team.

Condition: During our audit, we identified the following adjustments related to the University System's financial statements:

- <u>University of Kansas:</u> Due to an error in the calculation of summer tuition to be deferred, the
 University of Kansas' unearned revenue was understated and related tuition revenue was
 overstated by \$6.1 million prior to adjustment. In addition, the University improperly calculated its
 net investment in capital assets. As such, an adjustment to increase its net investment in capital
 assets and to reduce its unrestricted net position of approximately \$6.7 million was recorded.
- <u>University of Kansas Medical Center:</u> Balances between current and noncurrent receivables and current and noncurrent compensated absences were misclassified. Specifically, our audit procedures identified that a reclassification entry was necessary to move approximately \$10.2 million of the receivable balance from the noncurrent portion of receivables to the current portion. Similarly, a reclassification entry was required to be made to move \$14.6 million of the compensated absence balance from noncurrent to current.
- <u>Fort Hays State University:</u> The University improperly calculated its net investment in capital assets. As a result, restricted and unrestricted net position were overstated. An audit adjustment was made to increase its net investment in capital assets by \$38.4 million and to decrease restricted net position by \$28.7 million and unrestricted net position by \$9.7 million. In addition, Fort Hays State University's financial statements were not available at the start of the audit fieldwork, nor were several account balance reconciliations. As a result, the trial balance required several client proposed adjustments during audit fieldwork.

Criteria or specific requirement: The seven Universities and their respective foundations are combined to create a discretely presented component unit within the State of Kansas CAFR. In order to report complete and accurate information in the CAFR for this many organizations, each University is required to implement financial reporting controls to ensure accurate financial information is reported up to the state's Financial Integrity Team.

Context:

- <u>University of Kansas</u>: After the \$6.1 million adjustment described above, ending unearned revenue for the University System was \$101.3 million and ending charges for services revenue was \$1,338.5 million. See bullet below for context surrounding net investment in plant and unrestricted net position.
- <u>University of Kansas Medical Center:</u> After the reclassifications discussed above, the University System's current balance of accounts receivable was \$408.4 million, the noncurrent balance of accounts receivable was \$222.6 million, the current balance of compensated absences was \$67.5 million, and the noncurrent balance of compensated absences was \$13.8 million.
- Fort Hays State University: After the adjustments discussed above for both Fort Hays University and for the University of Kansas, the University System's balance of net investment in capital assets was \$2,109.5 million, the balance for restricted net position \$2,104.7 million, and the balance for unrestricted net position was \$600.0 million.

Effect: Based upon the facts identified in the condition above, various balances within the University System had to be adjusted to reflect proper balances.

Cause: The following causes are provided for each of the above bullet points:

- <u>University of Kansas</u>: Due to a change in software, an improper report was run which did not include a full population of the summer credit hours used for the calculation of summer unearned revenue. For the errors in the net position reporting, unamortized bond premiums and discounts and deferred outflows related to refunding were erroneously omitted from the calculation of net investment in capital assets. The year-end review process at the University did not identify these errors.
- <u>University of Kansas Medical Center</u>: The current portions and noncurrent portions of both accounts receivable and compensated absences were flipped when recording the balances in the financial statement template. The year-end review process at the University did not identify these errors.
- Fort Hays State University: Net position was not properly reconciled to supporting documentation.
 This resulted in errors in the amounts reported in the financial statement template submitted to
 the Financial Integrity Team. Lastly, the implementation of a new accounting software created
 obstacles for management when attempting to reconcile balances from the general ledger to
 supporting information at year-end. Due to the implementation of the new system, reconciliations
 were not being performed on a timely basis during the year.

Recommendation: We recommend that the Universities implement and/or enhance processes and procedures to provide accurate financial statements to the Financial Integrity Team at year-end, including a year-end review process to detect errors. This year-end process should include a checklist where the reviewer is ensuring financial information is complete and accurate, including:

- The summer unearned revenue calculation is accurate and is based upon complete summer class reports.
- The calculation for net investment in capital is accurate and includes premiums, discounts, and deferred outflows for losses on refunding.
- Current versus noncurrent assets and liabilities are being properly reflected in the information being submitted to the Financial Integrity Team.
- Timely reconciliations for general ledger balances to supporting documentation have been performed.

Views of responsible officials and planned corrective actions:

Actions planned in response to finding:

- <u>University of Kansas</u>: To ensure deferred revenues are properly calculated and reflected in the financial statements, the University will provide additional analysis which includes but is not limited to: (1) comparing the credit hours for summer compared to prior year as a reasonableness check, (2) compare assessed amounts and calculated deferred amounts to the prior year to ensure reasonable fluctuation, and (3) perform a calculation of tuition per credit hour to ensure amounts are reasonable compared to tuition rates.
- To ensure the calculations for investment in capital assets, net of related debt includes all of the necessary components to the calculation, the University has already included the missing components into the calculations and will be reviewing the calculations to ensure all necessary components are included.

- <u>University of Kansas Medical Center</u>. The Medical Center will enhance year-end reporting procedures by implementing a checklist as recommended by the auditor.
- Fort Hays State University: Fiscal Year 2018 is the first year the University prepared the financial statements relying solely on the new ERP that went live April 2017. Reports to reconcile the general ledger balances were being modified as the financial statements were being prepared. The combination of the new software and a change in personnel created a delay which forced the University to submit some draft information to the state. As the information was reviewed, updated financial information was remitted to the state. The procedures necessary to provide financial information to the state were documented during the Fiscal Year 2018 preparation. The reports necessary to reconcile general ledger accounts will be fully functional for the Fiscal Year 2019 report.

The University expects to provide accurate financial statements to the Financial Integrity Team for the Fiscal Year ending 2019 and thereafter.

III. Federal Award Findings and Questioned Costs

2018 - 005

Federal Agency: Department of the Interior

State Department/Agency: Kansas Department of Wildlife, Parks and Tourism (KDWPT)

Federal Program: Sports Fish Restoration Program and Wildlife Restoration and Basic Hunter

Education

CFDA Number: 15.605 and 15.611

Award Period: July 1, 2017 through June 30, 2018 Compliance Requirement: Cash Management

Type of Finding: Material Weakness in Internal Control over Compliance, Other Matters

Criteria or specific requirement: Per 2 CFR 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements* (the Uniform Guidance), section 200.62, internal controls should be designed to provide reasonable assurance regarding the achievement that transactions are properly recorded and accounted for and transactions are executed in compliance with federal statutes, regulations, and the terms and conditions of the Federal award that could have a direct and material effect on a Federal program.

Condition: Eighteen of the eighteen cash reimbursements sampled lacked evidence that internal controls, as described to be in place by management, were being followed.

Questioned costs: None.

Context: Internal controls surrounding the cash reimbursement process were indicated by KDWPT program staff to be management-level review of the draw down requests; however, during our testing, we were unable to obtain sufficient evidence that such review had occurred for all eighteen samples. This resulted in an error rate of 100% of the transactions tested that did not have evidence of internal controls. A non-statistical sampling methodology was used to select the sample.

Cause: Internal controls surrounding the cash reimbursement process were indicated by KDWPT program staff to be management-level review of the draw down requests; however, KDWPT does not retain any documentation or evidence that such review has occurred.

Effect: This finding indicates that there could be some process improvement in how internal controls are documented with KDWPT's cash reimbursement process.

Repeat Finding: No.

Recommendation: We recommend KDWPT develop policies or procedures to retain evidence internal controls surrounding the cash reimbursement process are in place and being followed.

Views of responsible officials: There is no disagreement with the audit finding.

2018 - 006

Federal Agency: Department of the Interior

State Department/Agency: Kansas Department of Wildlife, Parks and Tourism (KDWPT)

Federal Program: Sports Fish Restoration Program and Wildlife Restoration and Basic Hunter

Education

CFDA Number: 15.605 and 15.611

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Schedule of Expenditures of Federal Awards **Type of Finding:** Significant Deficiency in Internal Control over Compliance

Criteria or specific requirement: Per 2 CFR 200.510, the auditee must also prepare a Schedule of Expenditures of Federal Awards for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with 2 CFR 200.502 Basis for determining Federal awards expended. 2 CFR 200.34's definition of expenditures includes the amount of indirect expense charged for an award.

Condition: Indirect costs being reimbursed for the program are not properly included as expenditures to the program in the Schedule of Expenditures of Federal Awards (SEFA). Expenditures for the program were under-reported on the SEFA by an amount of \$740,581.

Questioned costs: None.

Context: While testing a sample of SF-425 reports, we discovered that indirect costs were being reported to and reimbursed by the Department of the Interior; however, those costs were not being reflected in the SEFA amounts being reported. It should be noted that the program does have an indirect cost rate in place that was approved by Department of the Interior for the audit period.

Cause: Indirect costs being reimbursed for the program are not being reflected into federal program expenditure detail. KDWPT utilizes the expenditure detail within the general ledger system to compile the DA-89 report (the Kansas Department of Administration's reporting mechanism for gathering and compiling the Statewide SEFA information).

Effect: The major program determination could have been significantly impacted due to the omission of indirect cost expenditures for this program that impact the Statewide SEFA.

Repeat Finding: No.

Recommendation: We recommend KDWPT develop a more robust internal control that monitors the tracking of all federal expenditures to ensure the proper amounts reported on the SEFA. This includes ensuring indirect costs are accurately recorded as federal program expenditures after each reimbursement request.

Views of responsible officials: There is no disagreement with the audit finding.

2018 - 007

Federal Agency: U.S. Department of Health and Human Services and U.S. Department of Education

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Rehabilitation Services – Vocational Rehabilitation Grants to States; Temporary Assistance for Needy Families (TANF); Adoption Assistance - Title IV-E; Child Care and Development Block Grant and Child Care Mandatory and Matching Funds of the Child Care Development Fund

CFDA Number: 84.126; 93.558; 93.659; 93.575 and 93.596

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Allowable Costs / Cost Principles

Type of Finding: Significant Deficiency in Internal Control over Compliance, Other Matters

Criteria or specific requirement: Per 45 Code of Federal Regulations (CFR) 95.509, Cost allocation plan amendments and certifications, the State shall promptly amend the cost allocation plan and submit the amendment plan to the Director of the Division of Cost Allocation (DCA) in the appropriate Health and Human Services (HHS) Regional Office if any of the following events occur: (1) The procedures shown in the existing cost allocation plan become outdated because of organizational changes, changes in Federal law or regulations, or significant changes in program levels, affecting the validity of the approved cost allocation procedures; (2) A material defect is discovered in the cost allocation plan by the Director, DCA or the State; (3) The State plan for public assistance programs is amended so as to affect the allocation of costs; (4) Other changes occur which make the allocation basis or procedures in the approval cost allocation plan invalid.

Condition: The cost allocation procedures for KDCF prescribe that allocation rates are to be updated, reviewed, and submitted by KDCF on a quarterly basis when rate changes are made. Upon review of the State's fiscal year 2018 cost allocation plan for KDCF, only three of the four quarterly plan amendments were submitted. Through discussions with KDCF personnel and review of the allocation process, there were significant changes to the allocations for each quarter; however, an amended cost allocation plan was not submitted for quarter ending June 30, 2018. A non-statistical sampling methodology was used to select the sample.

Questioned costs: None.

Context: A cost allocation plan amendment was not filed for one of the four quarterly updates despite significant changes to the allocation inputs.

Cause: Internal controls failed to ensure the review and timely submission of one quarterly amendment after its revision.

Effect: Cost allocation rates being used were not properly approved and could lead to disputed or disallowed costs.

Repeat Finding: Yes, prior year finding 2017-006.

Recommendation: We recommend that KDCF evaluate each quarterly cost allocation update and file a cost allocation plan amendment with the appropriate HHS Regional Office when there are significant changes to the cost allocation plan.

Views of responsible officials: There is no disagreement with the audit finding.

2018 - 008

Federal Agency: U.S. Department of Education

State Department/Agency: Kansas Department for Children and Families (KDCF) **Federal Program:** Rehabilitation Services - Vocational Rehabilitation Grants to States

CFDA Number: 84.126

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Suspension and Debarment

Type of Finding: Material Weakness in Internal Control over Compliance, Other Matters

Criteria or specific requirement: Per 2 CFR 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements* (the Uniform Guidance), Non-federal entities are prohibited from contracting with or making subawards under covered transactions to parties that are suspended or debarred. "Covered transactions" include those procurement contracts for goods and services awarded under a non-procurement transaction (e.g., grant or cooperative agreement) that are expected to equal or exceed \$25,000 or meet certain other criteria as specified in 2 CFR Section 180.220. All non-procurement transactions entered into by a recipient (i.e., subawards to subrecipients), irrespective of award amount, are considered covered transactions, unless they are exempt as provided in 2 CFR Section 180.215. When a non-federal entity enters into a covered transaction with an entity at a lower tier, the non-federal entity must verify that the entity, as defined in 2 CFR Section 180.995 and agency-adopting regulations, is not suspended or debarred or otherwise excluded from participating in the transactions. When entering into a covered transaction, to determine if the entity or person is excluded or disqualified, this can be done by one of the following: (1) checking the Government wide System for Award Management Exclusions (SAM) to determine if an entity is debarred or suspended, (2) collecting a certification from that person, or (3) adding a clause or condition to the covered transaction.

Condition: Of the twelve contracts and subawards sampled, six samples did not contain evidence that the State considered suspension and debarment requirements prior to or while entering into a covered transaction.

Questioned costs: None.

Context: The State normally either includes a clause, as prescribed in the standards above, in contracts or subawards, or performs exclusion checks on SAM.gov to satisfy this requirement; however, six of the twelve samples did not contain the certification clause in the agreement or evidence of an exclusion check as required, which is an error rate of 50%. A non-statistical sampling methodology was used to select the sample.

Cause: The State's preferred policy to meet the suspension and debarment compliance requirements is to include a clause in each agreement for a covered transaction. Many of the samples selected had existing agreements in place that have not been re-evaluated to ensure the clause is included or obtained.

Effect: The State may unintentionally enter into a covered transaction with a suspended or debarred entity.

Repeat Finding: Partial; prior year finding 2017-010.

Recommendation: We recommend the State ensure all individuals included in the contracting and subawarding processes are trained to understand the federal compliance requirements associated with suspension and debarment. Additionally we recommend the State develop a more robust internal control that monitors the workflow of contract processing surrounding suspension and debarment, including review of existing contracts, to ensure compliance requirements are met.

Views of responsible officials: There is no disagreement with the audit finding.

2018 - 009

Federal Agency: U.S. Department of Education

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Rehabilitation Services - Vocational Rehabilitation Grants to States

CFDA Number: 84.126

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Eligibility

Type of Finding: Significant Deficiency in Internal Control over Compliance, Other Matters

Criteria or specific requirement: Per 2 CFR 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements* (the Uniform Guidance), The State VR agency must determine whether an individual is eligible for VR services within a reasonable period of time, not to exceed 60 days, after the individual has submitted an application for the services unless: a. exceptional and unforeseen circumstances beyond the control of the State VR agency preclude making an eligibility determination within 60 days and the State agency and the individual agree to a specific extension of time; or b. the State VR agency is exploring an individual's abilities, capabilities, and capacity to perform in work situations through trial work experiences (29 USC 722(a)(6)).

Condition: From a sample of sixty individuals receiving rehabilitation services, one individual's eligibility determination was not made within sixty days and there was no evidence that supported the State VR agency was exploring the individual's abilities, capabilities and capacity to perform work in lieu of determining eligibility.

Questioned costs: None.

Context: The State did not have evidence of compliance with the sixty-day eligibility determination requirement for one of the sixty selected individuals, which is an error rate of 2%. The total population from which the sample was selected included 10,140 individuals receiving rehabilitation services or benefits. A non-statistical sampling methodology was used to select the sample.

Cause: The likely cause of this finding is due to a lack of internal controls that monitor timeliness of processing applications or having an established and monitored workflow system.

Effect: Individuals that may be eligible for rehabilitation services may not receive their due benefits as quickly as due. This finding indicates that there could be some process improvement in how applications are reviewed.

Repeat Finding: Yes, prior year finding 2017-009.

Recommendation: We recommend the State develop a more robust internal control that monitors the workflow of application processing to ensure compliance requirements are met.

Views of responsible officials: There is no disagreement with the audit finding.

2018 - 010

Federal Agency: U.S. Department of Education

State Department/Agency: Kansas Department for Children and Families (KDCF) **Federal Program:** Rehabilitation Services - Vocational Rehabilitation Grants to States

CFDA Number: 84.126

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Special Tests and Provisions

Type of Finding: Significant Deficiency in Internal Control over Compliance, Other Matters

Criteria or specific requirement: Per 2 CFR 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements* (the Uniform Guidance), when an individualizes plan for employment (IPE) is required for the provision of VR services under Section 103(a) of the Act, it must be done as soon as possible, but not later than 90 days after the date of the determination of eligibility by the State VR agency, unless the State VR agency and the eligible individual agree to an extension of that deadline to a specific date by which the IPE must be completed (29 USC 722(b)(3)(F)).

Condition: From a sample of sixty individuals receiving rehabilitation services, three individuals requiring an IPE did not have one implemented within the ninety-day requirement and there was no evidence that supported the State VR agency and individual had agreed to an extension of that deadline.

Questioned costs: None.

Context: The State did not have evidence of compliance with the ninety-day IPE implementation requirement for three of the sixty selected individuals, which is an error rate of 5%. A non-statistical sampling methodology was used to select the sample.

Cause: The likely cause of this finding is due to a lack of internal controls that monitor timeliness of processing applications or having an established and monitored workflow system.

Effect: Individuals that may be eligible for rehabilitation services may not receive their benefits as quickly as due. This finding indicates that there could be some process improvement in how an IPE is developed once an individuals are determined eligible for the program.

Repeat Finding: No.

Recommendation: We recommend the State develop a more robust internal control that monitors the workflow of application processing to ensure compliance requirements are met.

Views of responsible officials: There is no disagreement with the audit finding.

<u>2018 – 011</u>

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Temporary Assistance for Needy Families (TANF)

CFDA Number: 93.558

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Suspension and Debarment

Type of Finding: Material Weakness in Internal Control over Compliance, Other Matters

Criteria or specific requirement: Per 2 CFR 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements* (the Uniform Guidance), Non-federal entities are prohibited from contracting with or making subawards under covered transactions to parties that are suspended or debarred. "Covered transactions" include those procurement contracts for goods and services awarded under a non-procurement transaction (e.g., grant or cooperative agreement) that are expected to equal or exceed \$25,000 or meet certain other criteria as specified in 2 CFR Section 180.220. All non-procurement transactions entered into by a recipient (i.e., subawards to subrecipients), irrespective of award amount, are considered covered transactions, unless they are exempt as provided in 2 CFR Section 180.215. When a non-federal entity enters into a covered transaction with an entity at a lower tier, the non-federal entity must verify that the entity, as defined in 2 CFR Section 180.995 and agency-adopting regulations, is not suspended or debarred or otherwise excluded from participating in the transactions. When entering into a covered transaction, to determine if the entity or person is excluded or disqualified, this can be done by one of the following: (1) checking the Government wide System for Award Management Exclusions (SAM) to determine if an entity is debarred or suspended, (2) collecting a certification from that person, or (3) adding a clause or condition to the covered transaction.

Condition: Of the thirteen contracts and subawards sampled, ten samples did not contain evidence that the State considered suspension and debarment requirements prior to or while entering into a covered transaction.

Questioned costs: None.

Context: The State normally either includes a clause, as prescribed in the standards above, in contracts or subawards or performs exclusion checks on SAM.gov to satisfy this requirement; however, ten of the thirteen samples did not contain the certification in the agreement or evidence of an exclusion check as required. The error rate of samples tested was 77%. A non-statistical sampling methodology was used to select the sample.

Cause: The State's preferred policy to meet the suspension and debarment compliance requirements is to include a clause in each agreement for a covered transaction. Many of the samples selected had existing agreements in place that have not been re-evaluated to ensure the clause is included or obtained.

Effect: The State may unintentionally enter into a covered transaction with a suspended or debarred entity.

Repeat Finding: No.

Recommendation: We recommend the State ensure all individuals included in the contracting and subawarding processes are trained to understand the federal compliance requirements associated with suspension and debarment. Additionally we recommend the State develop a more robust internal control that monitors the workflow of contract processing surrounding suspension and debarment, including review of existing contracts, to ensure compliance requirements are met.

Views of responsible officials: There is no disagreement with the audit finding.

2018 - 012

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department of Health and Environment (KDHE)

Federal Program: State Medicaid Fraud Control Units, State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare, Medical Assistance Program (Medicaid; Title XIX) – Medicaid Cluster

CFDA Number: 93.775, 93.777, 93.778

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Eligibility – Eligibility for Individuals

Type of Finding: Significant Deficiency in Internal Control over Compliance, Other Matters

Criteria or specific requirement: Per 42 CFR section 431.10, the State Medicaid agency or its designee is required to determine client eligibility in accordance with eligibility requirements defined in the approved State plan.

Condition: From a sample of sixty individual Medicaid participants, two participants were deemed eligible for Medicaid services under the 'Aged-out Foster Care' categorical criteria. Based on the support reviewed in each casefile, these two individuals were no longer eligible under the categorical criteria at the time services were rendered.

Questioned costs: \$1,099.55

Context: Two of the sixty sampled individual Medicaid recipients were no longer considered eligible under the 'Aged-out Foster Care' criteria as described in the State Plan. These recipients no longer met the qualifications for such eligibility at the time Medicaid services were rendered, which is an error rate of 3%. A non-statistical sampling methodology was used to select the sample.

Cause: The State has a manual eligibility determination and review process for individuals eligible under Aged-out Foster Care. Any child that is receiving foster care benefits during the month of their eighteenth birthday is eligible under Aged-out Foster Care until the month of their twenty-six birthday. The State reviews Aged-out Foster Care cases to determine initial eligibility and manually removes individuals when they are no longer eligible under Aged-out Foster Care. The two instances identified were overlooked during this manual process.

Effect: Individuals considered eligible for Medicaid services under certain criteria may not truly be eligible or individuals may not receive the benefits they qualify for due to being considered eligible in the incorrect category.

Repeat Finding: No.

Recommendation: We recommend that KDHE develop a more robust internal control for the review of Aged-out Foster Care cases to ensure that eligibility determination is properly supported and cases are reviewed timely for the termination of benefits.

Views of responsible officials: There is no disagreement with the audit finding.

2018 - 013

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department of Health and Environment (KDHE)

Federal Program: State Medicaid Fraud Control Units, State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare, Medical Assistance Program (Medicaid; Title XIX) – Medicaid Cluster

CFDA Number: 93.775, 93.777, 93.778

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Eligibility – Eligibility for Individuals

Type of Finding: Material Weakness in Internal Control over Compliance, Other Matters

Criteria or specific requirement: Per the Office of Management and Budget (OMB) April 2018 Compliance Supplement for the Medicaid Cluster, Part IV, eligibility determinations and renewal not performed timely or performed within the timeliness standard have been found to be internal control deficiencies. The timeliness standard according to 42 CFR 435.912 indicates this is 90 days for applicants who apply for Medicaid on the basis of disability and 45 days for all other applicants.

Condition: From a sample of sixty individual Medicaid participants, applications or reviews of four participants were not processed within the timeliness standard.

Questioned costs: None.

Context: Four of the sixty sampled individual Medicaid recipients were not processed or reviewed within the timeliness standard, which is an error rate of 7%. A non-statistical sampling methodology was used to select the sample.

Cause: For an extended period of time the State had a backlog of applications which had not been processed within the timeliness standard due to various issues encountered during the implementation of its new Kansas Eligibility Enforcement System (KEES). Due to the implementation setbacks the KDHE staff members were focused on remedying problems with existing eligibility cases and unable to process new applications and redeterminations promptly. The State has made progress from the prior year and continues to work on alleviating the backlog issue.

Effect: Compliance with the timeliness requirement for this program is not being met and presents difficulty in proving there were not improper payments made.

Repeat Finding: Yes; prior year finding 2017-014.

Recommendation: We recommend that KDHE continue to monitor the applications considered to be backlogged and continue to process oldest applications as a priority. A continued analysis of the priority of staff resources or use of additional resources to help process the applications is recommended to focus on alleviating the backlog issue.

Views of responsible officials: There is no disagreement with the audit finding.

<u>2018 – 014</u>

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department of Health and Environment (KDHE)

Federal Program: State Medicaid Fraud Control Units, State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare, Medical Assistance Program (Medicaid; Title XIX) – Medicaid Cluster

CFDA Number: 93.775, 93.777, 93.778

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Suspension and Debarment

Type of Finding: Material Weakness in Internal Control over Compliance, Other Matters

Criteria or specific requirement: Per 2 CFR 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements* (the Uniform Guidance), Non-federal entities are prohibited from contracting with or making subawards under covered transactions to parties that are suspended or debarred. "Covered transactions" include those procurement contracts for goods and services awarded under a non-procurement transaction (e.g., grant or cooperative agreement) that are expected to equal or exceed \$25,000 or meet certain other criteria as specified in 2 CFR Section 180.220. All non-procurement transactions entered into by a recipient (i.e., subawards to subrecipients), irrespective of award amount, are considered covered transactions, unless they are exempt as provided in 2 CFR Section 180.215. When a non-federal entity enters into a covered transaction with an entity at a lower tier, the non-federal entity must verify that the entity, as defined in 2 CFR Section 180.995 and agency-adopting regulations, is not suspended or debarred or otherwise excluded from participating in the transactions.

When entering into a covered transaction, to determine if the entity or person is excluded or disqualified, this can be done by one of the following: (1) checking the Government wide System for Award Management Exclusions (SAM) to determine if an entity is debarred or suspended, (2) collecting a certification from that person, or (3) adding a clause or condition to the covered transaction.

Condition: Of the forty contracts and subawards sampled, ten samples did not contain evidence that the State considered suspension and debarment requirements prior to or while entering into a covered transaction.

Questioned costs: None.

Context: The State normally either includes a clause, as prescribed in the standards above, in contracts or subawards or performs exclusion checks on SAM.gov to satisfy this requirement; however, ten of the forty samples did not contain the certification in the agreement or evidence of an exclusion check as required, which is an error rate of 25%. A non-statistical sampling methodology was used to select the sample.

Cause: The State's preferred policy to meet the suspension and debarment compliance requirements is to include a clause in each agreement for a covered transaction. Many of the samples selected had existing agreements in place that have not been re-evaluated to ensure the clause is included or obtained.

Effect: The State may unintentionally enter into a covered transaction with a suspended or debarred entity.

Repeat Finding: No.

Recommendation: We recommend the State ensure all individuals included in the contracting and subawarding processes are trained to understand the federal compliance requirements associated with suspension and debarment. Additionally we recommend the State develop a more robust internal control that monitors the workflow of contract processing surrounding suspension and debarment, including review of existing contracts, to ensure compliance requirements are met.

Views of responsible officials: There is no disagreement with the audit finding.

2018 - 015

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department of Health and Environment (KDHE)

Federal Program: State Medicaid Fraud Control Units, State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare, Medical Assistance Program (Medicaid; Title XIX) – Medicaid Cluster

CFDA Number: 93.775, 93.777, 93.778

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Procurement

Type of Finding: Material Weakness in Internal Control over Compliance, Other Matters

Criteria or specific requirement: Per 2 CFR 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements* (the Uniform Guidance), section 200.318 *General Procurement Standards*, the non-Federal entity must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

Condition: In fifteen of twenty-seven samples tested, documentation was not provided to support procurement compliance and control requirements being properly followed.

Questioned costs: None.

Context: The State Agency did not provide support for evidence of compliance and control with procurement requirements, or support provided indicated non-compliance. Fifteen of twenty-seven samples did not contain evidence that procurement policies were properly followed as required, which is an error rate of 56%. A non-statistical sampling methodology was used to select the sample.

Cause: Many of the samples selected were vendors procured through State agencies other than the Agency responsible for assisting the auditors with supplying supporting documentation. The decentralization of the State's agencies resulted in documentation being difficult to produce.

Effect: The finding indicates that there could be some process improvement in how contracts are reviewed, documented, and maintained to evidence that compliance requirements are being met.

Repeat Finding: No.

Recommendation: We recommend the State develop a more robust internal control that monitors the workflow of contract processing surrounding procurement to ensure compliance requirements are met.

Views of responsible officials: There is no disagreement with the audit finding.

2018 - 016

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department of Health and Environment (KDHE)

Federal Program: State Medicaid Fraud Control Units, State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare, Medical Assistance Program (Medicaid; Title XIX) – Medicaid Cluster

CFDA Number: 93.775, 93.777, 93.778

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Special Tests and Provisions – Provider Health and Safety Standards

Type of Finding: Material Weakness in Internal Control over Compliance, Other Matters

Criteria or specific requirement: Per 42 CFR part 442, providers must meet the prescribed health and safety standards for hospital, nursing facilities, and ICF/MR, and such standards may be modified in the State plan. Kansas Statute 39-935(b) states that the licensing agency shall conduct at least one unannounced inspection of each adult care home within 15 months of any previous inspection.

Condition: From a sample of forty hospitals, nursing facilities, and ICF/MR, seven adult care homes selected for testing did not have the required inspection completed within fifteen months of any previous inspection.

Questioned costs: None.

Context: The State did not have evidence of compliance with inspection requirement for seven of the forty selected facilities, which is an error rate of 18%. A non-statistical sampling methodology was used to select the sample.

Cause: The State experienced personnel turnover and due to being understaffed was unable to make the required inspection within the required timeframe.

Effect: Providers who receive the funding under this grant may not comply with all applicable health and safety standards.

Repeat Finding: No.

Recommendation: We recommend the State develop and implement a cross-training program to ensure there are multiple personnel available and qualified to perform the required periodic site visits in a timely manner when the State experiences turnover in experienced personnel.

Views of responsible officials: There is no disagreement with the audit finding.

2018 - 017

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department for Aging and Disability Services (KDADS) **Federal Program:** Block Grants for Prevention and Treatment of Substance Abuse (SABG)

CFDA Number: 93.959

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Special Tests and Provisions – Independent Peer Reviews **Type of Finding:** Significant Deficiency in Internal Control over Compliance, Other Matters

Criteria or specific requirement: Under 42 USC 300x-53(a) and 45 CFR section 96.136, the State must provide for independent peer reviews which assess the quality, appropriateness, and efficacy of treatment services provided to individuals. At least 5 percent of the entities providing services in the State shall be reviewed. The entities reviewed shall be representative of the entities providing the services. The State shall ensure that the peer reviewers are independent by ensuring that the peer review does not involve reviewers reviewing their own programs and the peer review is not conducted as part of the licensing or certification process. States may satisfy the independent peer review requirement by demonstrating that at least 5 percent of their entities providing services obtained accreditation, during their fiscal year, from a private accreditation body such as the Joint Commission on the Accreditation of Healthcare Organizations, the Commission on the Accreditation of Rehabilitation Facilities, or a similar organization.

Condition: During our testing, we noted that the SABG program's peer reviews were not performed by an independent organization such as the Joint Commission on the Accreditation of Healthcare Organizations, the Commission on the Accreditation of Rehabilitation Facilities, or a similar organization. The reviews were performed by a State Advisory Board and not an independent organization.

Questioned costs: None.

Context: Peer reviews must be performed by an independent organization, such as the Joint Commission on the Accreditation of Healthcare Organizations, the Commission on the Accreditation of Rehabilitation Facilities, or a similar organization. The two treatment service facilities utilized by the SABG program were instead reviewed by a State Advisory Board. 100% of the population of the treatment service facilities was tested.

Cause: The SABG program did not have a correct internal policy set up to satisfy this requirement.

Effect: The State is not in compliance with independent peer review requirements for the SABG program.

Repeat Finding: No.

Recommendation: SABG should document formal reviews performed by an independent organization similar to the Joint Commission on the Accreditation of Healthcare Organizations or the Commission on the Accreditation of Rehabilitation Facilities.

Views of responsible officials: There is no disagreement with the audit finding.

STATE OF KANSAS

DEPARTMENT OF ADMINISTRATION
OFFICE OF THE CHIEF FINANCIAL OFFICER
700 SW HARRISON, SUITE 300
TOPEKA, KS 66603

DEANN HILL, CPA/CGMA CHIEF FINANCIAL OFFICER PHONE: (785) 296-2311 FAX: (785) 296-1477 DeAnn.Hill@ks.gov

MARCH 8. 2019

STATE OF KANSAS SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS YEAR ENDED JUNE 30, 2018

State of Kansas respectfully submits the following summary schedule of prior audit findings for the year ended June 30, 2018.

Audit period: Year ended June 30, 2018

The findings from the prior audit's schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the prior year.

FINDINGS—FINANCIAL STATEMENT AUDIT

2017 - 001 - Capital Lease and Capital Asset Monitoring

Type of Finding: Significant Deficiency in Internal Control over Financial Reporting

Condition: Capital lease agreements entered into by the State of Kansas are collected by the Department of Administration's Financial Integrity Team to determine what should be included and reported in the fiscal year Comprehensive Annual Financial Report (CAFR). The State records a long-term liability and capital assets when the State determines whether a capital lease should be included within the CAFR. During fiscal year 2017, the Department of Administration performed a review of capital lease agreements entered into during prior years. Through this review, it was determined the capital asset value related to multiple capital leases entered into by the State were not properly valued based on the present value at the beginning of the lease term of minimum lease payments during the lease term. This resulted in an understatement of the acquisition cost of capital assets and the related accumulated depreciation for assets recorded under capital leases.

Status: Corrective action was taken.

2017 - 002 - Department for Children and Families Material Prior Period Adjustment

Type of Finding: Significant Deficiency in Internal Control over Financial Reporting

Condition: The Department of Administration is responsible for the preparation and fair presentation of the State of Kansas' financial statements in accordance with accounting principles generally accepted in the United States of America: this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. During the deposits and investments reconciliation and review process, it was determined that the State overstated the cash and cash equivalent balance by \$37.8 million.

Status: Corrective action was taken.

FINDINGS - FEDERAL AWARD PROGRAMS AUDITS

2017 - 003

Federal Agency: U.S. Department of Defense State Department/Agency: Kansas Adjutant General

Federal Program: National Guard Military Operations and Maintenance (O&M) Projects

CFDA Number: 12.401

Award Period: July 1, 2016 through June 30, 2017

Compliance Requirement: Procurement, Suspension and Debarment

Type of Finding: Significant Deficiency in Internal Control over Compliance, Other

Matters

Condition: During the testing of twenty-four procurement transactions, it was noted that no SAM.gov check was completed on six of those transactions. There was also no evidence that a certification or a clause was added to the contract to evidence compliance.

Status: Corrective action not yet implemented.

Reason for finding's recurrence: Tracking of suspension and debarment requirements for all entities has not yet been remedied.

Corrective Action: The Agency Procurement Officer has access to SAM.gov and will check it for each vendor when there is purchase requisition with Federal Funds \$25,000 and over and the other criteria specified in 2 CFR Section 180.220. Copies of the certifications from Sam.gov will be printed and put with all corresponding documentation. Any suppliers that are suspended/debarred will not be considered for further purchases. An Excel spread sheet will be set up to keep track of all suppliers that are currently debarred/suspended. This listing will be reviewed and kept updated as required.

2017 - 004

Federal Agency: U.S. Department of Defense State Department/Agency: Kansas Adjutant General

Federal Program: National Guard Military Operations and Maintenance (O&M) Projects

CFDA Number: 12.401

Award Period: July 1, 2016 through June 30, 2017

Compliance Requirement: Period of Performance

Type of Finding: Significant Deficiency in Internal Control over Compliance,

Other Matters

Condition: Upon review of the general ledger for the program for State fiscal year 2017, it was noted that eighteen Cooperative Agreements from previous years still had expenditures incurred past the 90 day time period without approval by the USPFO.

Status: Corrective action was taken.

2017 - 005

Federal Agency: U.S. Department of Housing and Urban Development

State Department/Agency: Kansas Department of Commerce (KDC)

Federal Program: Community Development Block Grants/State's Program and

Non-entitlement Grants in Hawaii

CFDA Number: 14.228

Award Period: July 1, 2016 through June 30, 2017

Compliance Requirement: Reporting

Type of Finding: Significant Deficiency in Internal Control over Compliance,

Other Matters

Condition: During testing of the annual Performance and Evaluation Report (PER) and the annual HUD 60002 report, *Section 3 Summary Report, Economic Opportunities for Low- and Very Low-Income Persons*, it was noted that the reports did not have evidence of a review being conducted other than someone preparing the reports.

Status: Corrective action not yet implemented.

Reason for finding's recurrence: Lack of segregation of duties over the preparation and review process have not yet been remedied.

Corrective Action: The Kansas Department of Commerce will have a Fiscal team associate review reports in order to meet compliance requirements.

2017 - 006

Federal Agency: U.S. Department of Health and Human Services and U.S. Department

of Education

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal program title: Social Services Block Grant; Foster Care – Title IV-E; Child Support

Enforcement: Rehabilitation Services – Vocational Rehabilitation

Grants to States

CFDA Number: 93.667; 93.658; 93.563; 84.126

Award Period: July 1, 2016 through June 30, 2017

Compliance Requirement: Allowable Costs / Cost Principles

Type of Finding: Significant Deficiency in Internal Control over Compliance,

Other Matters

Condition: Upon review of the State's fiscal year 2017 cost allocation plan for KDCF, there was only one plan amendment submitted with an effective date of January 1, 2017 during the State's fiscal year 2017. Based on review of cost the allocation procedures for KDCF, allocations are updated, reviewed, and made by KDCF on a quarterly basis. Per discussion with KDCF personnel and review of the allocation process, there were significant changes to the allocations for each quarter; however, an amended cost allocation plan was not submitted for the other three quarters ending September 30, 2016, March 31, 2017, or June 30, 2017.

Status: Corrective action not yet implemented; see current year finding 2018-007.

Reason for finding's recurrence: A cost allocation plan amendment was not filed for one of the four quarterly updates despite significant changes to the allocation inputs. Internal controls failed to ensure the review and timely submission of one quarterly amendment after its revision.

Corrective Action: We are filing quarterly plan amendments.

<u>2017 – 007</u>

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Child Care Development Fund Cluster: Child Care and Development

Block Grant, Child Care Mandatory and Matching Funds of the Child

Care and Development Fund

CFDA Number: 93.575, 93.596

Award Period: July 1, 2016 through June 30, 2017

Compliance Requirement: Eligibility

Type of Finding: Significant Deficiency in Internal Control over Compliance,

Other Matters

Condition: During testing for the year ended June 30, 2016, in the sixty samples tested, three selections had exceptions related to errors with Family Share Deductions (FSD). For one selection, the FSD was applied to a sibling who stopped receiving benefits but the FSD was not applied to the other siblings on the case when the first sibling was removed.

For another selection, the appropriate amount of FSD was calculated but not applied to the case. For the other selection, the wrong household size was applied to the case, which resulted in less FSD charged to the recipient.

Status: Corrective action was taken.

2017 - 008

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program Title: Child Support Enforcement

CFDA Number: 93.563

Award Period: July 1, 2016 through June 30, 2017

Compliance Requirement: Schedule of Expenditures of Federal Awards

Type of Finding: Significant Deficiency in Internal Control over Compliance

Condition: During review of the general ledger detail provided, it was noted that the total expenditures were \$593,564 less than the expenditures reported in the SEFA for the Child Support Enforcement program for fiscal year 2017. Upon review of KDCF's DA-89 report (the Kansas Department of Administration's reporting mechanism for gathering the Statewide SEFA information) that was submitted by KDCF, it was confirmed that the expenditures reported per the DA-89 report matched the general ledger detail. The additional \$593,564 was due to an error in reporting on the DA89 submitted by the Kansas Judicial Branch. Kansas Department of Administration included expenditures reported by the Kansas Judicial Branch, which were already being reported as part of the expenditures of the program. The relationship between KDCF and the Judicial Branch was contractual rather than subrecipient. This amount was corrected per the final SEFA reported for fiscal year 2017 after being discussed with the Kansas Department of Administration.

Status: Corrective action was taken.

2017 - 009

Federal Agency: U.S. Department of Education

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Rehabilitation Services - Vocational Rehabilitation Grants to States

CFDA Number: 84.126

Award Period: July 1, 2016 through June 30, 2017

Compliance Requirement: Eligibility

Type of Finding: Significant Deficiency in Internal Control over Compliance,

Other Matters

Condition: Through testing of a sample of sixty cases, eligibility determinations were not made within the sixty day requirement or extension period for three of those cases, and there was no evidence that the State VR agency was exploring the individual's abilities, capabilities and capacity to perform work in lieu of determining eligibility.

Status: Corrective action not yet implemented; see current year finding 2018-009.

Reason for finding's recurrence: From a sample of sixty individuals receiving rehabilitation services that were tested during fiscal year 2018, one individual's eligibility determination was not made within sixty days and there was no evidence that supported the State VR agency was exploring the individual's abilities, capabilities and capacity to perform work in lieu of determining eligibility. The likely cause of this finding is due to a lack of internal controls that monitor timeliness of processing applications or having an established and monitored workflow system.

Corrective Action: As provided to the auditors following the on-site review, the agency has implemented a weekly email reminder system regarding pending deadlines for eligibility determination. Therefore, it is the agency's position that no additional action is necessary at this time to address eligibility timelines.

2017 - 010

Federal Agency: U.S. Department of Education

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Rehabilitation Services - Vocational Rehabilitation Grants to States

CFDA Number: 84.126

Award Period: July 1, 2016 through June 30, 2017

Compliance Requirement: Procurement, Suspension and Debarment

Type of Finding: Material Weakness in Internal Control over Compliance,

Other Matters

Condition: In eleven of sixty samples tested, documentation was not provided to support procurement compliance and control requirements and support was either not provided or procedures were not performed timely for suspension and debarment compliance and control requirements. In another six of the same sixty samples tested, documentation was not provided to support procurement, suspension and debarment compliance requirements; however, evidence of the control procedure was provided. In another five of the same sixty samples tested, procurement compliance and control requirements were met; however, suspension and debarment procedures were either not performed in a timely manner or suspension and debarment documentation was not provided.

Status: Corrective action was partially taken; see current year finding 2018-008.

Reason for finding's recurrence: From a sample of sixty individuals receiving rehabilitation services that were tested during fiscal year 2018, one individual's eligibility determination was not made within sixty days and there was no evidence that supported the State VR agency was exploring the individual's abilities, capabilities and capacity to perform work in lieu of determining eligibility. The likely cause of this finding is due to a lack of internal controls that monitor timeliness of processing applications or having an established and monitored workflow system.

Corrective Action: In conversations with the auditors, we understand that there were six instances when KDCF failed to provide any documentation in support of the transactions sampled. In the other instances noted, the auditors determined that documentation provided was not sufficient to meet the compliance requirements. We recognize the importance of maintaining documentation in support of transactions and will take steps to ensure this occurs going forward. KDCF will review all grants and contracts and procurement and debarment processes to assess compliance with internal policy and Department of Administration policies and procedures. Depending on the results, we will make internal changes and work with the Department of Administration to ensure that statewide changes in this area occur.

2017 - 011

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Foster Care – Title IV-E

CFDA Number: 93.658

Award Period: July 1, 2016 through June 30, 2017

Compliance Requirement: Eligibility for Individuals

Type of Finding: Significant Deficiency in Internal Control over Compliance,

Other Matters

Condition: During testing of a sample of sixty Foster Care cases, we noted that three selections had benefits paid that exceeded rates established for encounter data expenditures related to maintenance expenditure payment rates.

Status: Corrective action not yet implemented.

Reason for finding's recurrence: Currently, KDCF does not set rates for services. Consequently, we don't agree that we paid above established rates. We do acknowledge; however, and agree that rates need to be established and have been working to correct this since it was noted in prior audits.

Corrective Action: KDCF is continuing the process of planning and conducting audits to calculate rates based on actual costs that will be used to claim services. Cost information has been gathered to determine admin and maintenance rates. Based on that information initial rates have been identified and will be in effect for FY 2020. Audits will be conducted annually to ensure providers and KDCF paid only the established rates for services and to set new rates for the next year. Once rates are established, they will be added to the system and paid at that set rate.

<u>2017 - 012</u>

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Foster Care – Title IV-E

CFDA Number: 93.658

Award Period: July 1, 2016 through June 30, 2017

Compliance Requirement: Eligibility for Individuals

Type of Finding: Significant Deficiency in Internal Control over Compliance,

Other Matters

Condition: During testing of a sample of sixty Foster Care cases, we noted that two selections had benefits paid while the client did not meet eligibility for the State's fiscal year 2017.

Status: Corrective action not yet implemented.

Reason for finding's recurrence: Both of these cases involved worker error/mistake. This was not due to KEES or automation type system error. It is accurate that the KEES system is not fully functional and automated at this time and workers have had to dual enter information into both the FACTS and KEES system for several years which causes an unnecessarily burdensome workload and can contribute to overall worker mistakes. However, even when the KEES system is fully functional to scope and used as our official system of record without the need for dual entry, this will not mitigate these types of errors made by workers.

The following quality control functions in place to catch errors and improve performance:

- Quarterly PI case reviews on IV-E Eligibility cases
- 100% case review every three years
- Annual worker desk reviews
- System tasks/alerts to aid in maintenance of case management
- Data/Error reports to assist quality assurance
- Option for specialized case reads for workers/areas with performance issues with option for training or other performance improvement methods employed on a case by case basis.

Corrective Action: While KDCF implemented a new automated eligibility system (KEES – Kansas Eligibility Enforcement System) in August 2017 that should improve the accuracy and timeliness of foster care eligibility determinations compared to the current manual system, eligibility will never be static. KDCF will continue to update eligibility as changes are discovered through the quality assurance process, as new or corrected information is received, or because of audit findings. KDCF has a procedure in place to correctly claim cases initially claimed incorrectly by recalculating each quarterly IV-E claim in its entirety using updated eligibility data as the quarter drops off the two-year timely filing window, as ACF allows.

2017 - 013

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Foster Care – Title IV-E

CFDA Number: 93.658

Award Period: July 1, 2016 through June 30, 2017

Compliance Requirement: Special Tests and Provisions – Payment Rate Setting and Application **Type of Finding:** Significant Deficiency in Internal Control over Compliance,

Other Matters

Condition: During our testing, we noted that KDCF's State plan does not include information in relation to review of payment rates for Title IV-E-Foster Care maintenance and administrative payments at reasonable, specific, time-limited periods to assure the rates continuing appropriateness for the administration of the Title IV-E Program.

Status: Corrective action not yet implemented.

Reason for finding's recurrence: Kansas is currently planning changes to how rates are determined and calculated and, once that plan is finalized will be incorporating that into the State Plan as well.

Corrective Action: Formal maintenance and administrative review procedures will be documented in the next submission of the Kansas State Plan. In addition, Kansas is currently planning changes to how rates are determined and calculated and, once that plan is finalized will be incorporating that into the State Plan as well. All those plans will be documented.

<u>2017 – 014</u>

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department of Health and Environment (KDHE)

Federal Program: State Medicaid Fraud Control Units, State Survey and Certification of

Health Care Providers and Suppliers (Title XVIII) Medicare, Medical

Assistance Program (Medicaid; Title XIX) – Medicaid Cluster

CFDA Number: 93.775, 93.777, 93.778

Award Period: July 1, 2016 through June 30, 2017

Compliance Requirement: Eligibility – Eligibility for Individuals

Type of Finding: Material Weakness in Internal Control over Compliance,

Other Matters

Condition: From a sample of sixty individual Medicaid participants, applications or reviews of twelve participants were not processed within the timeliness standard.

Status: Corrective action not yet implemented; see current year finding 2018-013.

Reason for finding's recurrence: For an extended period of time the State had a backlog of applications which had not been processed within the timeliness standard due to various issues encountered during the implementation of its new Kansas Eligibility Enforcement System (KEES). Due to the implementation setbacks the KDHE staff members were focused on remedying problems with existing eligibility cases and unable to process new applications and redeterminations promptly. The State has made progress from the prior year and continues to work on alleviating the backlog issue.

Correction Action: The four identified cases were not processed timely during fiscal year 2018 due to residual impact from the past backlog and a defect within the KEES system.

While KDHE worked to resolve the application backlog, a decision was made to continue Medicaid coverage for members due for an annual review regardless if the member returned their review form. This decision was made so as to not adversely impact eligibility for members while resources were being focused on resolving the backlog. Beginning November 1, 2018, KDHE restructured the contract with the eligibility contractor, Maximus, resulting in more defined service level agreements and enforced liquidated damages to for untimely application processing. Since then, KDHE has experienced historical lows for timely processing of applications and Maximus has remained within compliance. These results have been reported monthly to the legislative oversight committee and CMS. KDHE does not currently continue Medicaid coverage without a completed annual review.

Additionally, as part of additional monitoring put into place through review of incident and batch reports, KDHE identified some reviews were skipped due to an issue with batch processing. This was due to three factors:

- 1. Defects identified within the eligibility system
- 2. Worker error
- 3. KEES design issue

The defects were corrected and worker error addressed through focused training. KDHE has submitted a change request to Accenture to resolve the KEES design issue. At this time, the workaround for the design issue is to continue to monitor the incident and batch reports. The skipped reviews were re-ran through the batch process in December 2018.

2017 - 015

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department of Health and Environment (KDHE)

Federal Program: State Medicaid Fraud Control Units, State Survey and Certification of

Health Care Providers and Suppliers (Title XVIII) Medicare, Medical

Assistance Program (Medicaid; Title XIX) - Medicaid Cluster

CFDA Number: 93.775, 93.777, 93.778

Award Period: July 1, 2016 through June 30, 2017

Compliance Requirement: Eligibility – Eligibility for Individuals

Type of Finding: Significant Deficiency in Internal Control over Compliance,

Other Matters

Condition: From a sample of sixty individual Medicaid participants, the application and case record facts to support the agency's decision on the application of one participant was not supported in the individual's case file.

Status: Corrective action was taken.

<u>2017 – 016</u>

Federal Agency: U.S. Department of Education

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Rehabilitation Services - Vocational Rehabilitation Grants to States

CFDA Number: 84.126

Award Period: July 1, 2016 through June 30, 2017

Compliance Requirement: Subrecipient Monitoring

Type of Finding: Significant Deficiency in Internal Control over Compliance,

Other Matters

Condition: In one of five samples tested, we noted that KDCF did not document risk assessments relating to one subrecipient for the State's fiscal year 2017 subaward. This impacts program monitoring as it increases the risk that the State is not able to ensure proper accountability and compliance with program requirements and achievement of specific performance goals. We did note that KDCF did perform subrecipient monitoring steps for the subrecipient during the fiscal year but the initial risk assessment process to determine the extent of the monitoring needed was not documented.

Status: Corrective action was taken.

MARCH 8, 2019

STATE OF KANSAS CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2018

In accordance with 2 CFR §200.511, Audit Findings Follow-up, the State of Kansas (the State) respectfully submits the following corrective action plan for the year ended June 30, 2018.

Audit period: Year ended June 30, 2018.

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS—FINANCIAL STATEMENT AUDIT

SIGNIFICANT DEFICIENCIES

2018 - 001 - General Fund Passed Adjustment

Recommendation: We recommend the State review, improve and document its procedures surrounding the year-end journal entry process, specifically, related to accounts receivable and related revenues.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Actions planned in response to finding: The State will be formulating and adopting a policy regarding accounts receivable in 2019. In conjunction with that, the related procedures in regard to the year-end journal entry process for accounts receivable will be reviewed, updated as necessary, and documented.

Responsible party: DeAnn Hill, Chief Financial Officer State of Kansas, Office of the Chief Financial Officer.

Planned completion date for corrective action plan: June 30, 2019

Plan to monitor completion of corrective action plan: Ongoing; permanent part of process

2018 – 002 – Deposits and Investments Reconciliation and Review

Recommendation: We recommend the State review, improve and document its procedures surrounding the year-end journal entry process, specifically, related to accounts receivable and related revenues.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Actions planned in response to finding: The State will be formulating and adopting a policy regarding accounts receivable in 2019. In conjunction with that, the related procedures in regard to the year-end journal entry process for accounts receivable will be reviewed, updated as necessary, and documented.

Responsible party: DeAnn Hill, Chief Financial Officer State of Kansas, Office of the Chief Financial Officer.

Planned completion date for corrective action plan: June 30, 2019

Plan to monitor completion of corrective action plan: Ongoing; permanent part of process

2018 - 003 - Health & Environment Receivable, Deferred Inflows of Resources and Revenue

Recommendation: We recommend the State review, improve and document its procedures surrounding the year-end journal entry process, specifically, related to accounts receivable and related revenues over the Medicaid Drug Rebate Program. In addition, we recommend KDHE document and improve its procedures surrounding year-end reporting of accounts receivable and related revenues over the Medicaid Drug Rebate Program, plus any resultant potential legal liabilities from this grant and otherwise.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Department of Administration response:

Actions planned in response to finding: The Financial Integrity Team will require the agency to provide complete and accurate documentation regarding the processes of the Medicaid Drug Rebate Program in support of the agency methodology for calculation of the accounts receivable balance reported. In addition, the State will be formulating and adopting a policy regarding accounts receivable in 2019. In conjunction with that, the related procedures in regard to the year-end journal entry process for accounts receivable will be reviewed, updated as necessary, and documented.

Responsible party: DeAnn Hill, Chief Financial Officer State of Kansas, Office of the Chief Financial Officer.

Planned completion date for corrective action plan: June 30, 2019

Plan to monitor completion of corrective action plan: Ongoing; permanent part of process

<u>Department of Health and Environment response:</u>

Actions planned in response to finding (Department of Health and Environment): KDHE will provide complete and accurate documentation regarding the processes of the Medicaid Drug Rebate Program in support of the agency methodology for calculation of the accounts receivable balance reported. KDHE will also include any potential liabilities, for grants and otherwise, in their legal letter due to DOA in August following fiscal year end.

Responsible party: DeAnn Hill, Chief Financial Officer State of Kansas, Office of the Chief Financial Officer.

Planned completion date for corrective action plan: March 31, 2019

Plan to monitor completion of corrective action plan: Ongoing; permanent part of process

<u>2018 – 004 – Financial Statement Adjustments</u>

Recommendation: We recommend that the Universities implement and/or enhance processes and procedures to provide accurate financial statements to the Financial Integrity Team at year-end, including a year-end review process to detect errors. This year-end process should include a checklist where the reviewer is ensuring financial information is complete and accurate, including:

- The summer unearned revenue calculation is accurate and is based upon complete summer class reports.
- The calculation for net investment in capital is accurate and includes premiums, discounts, and deferred outflows for losses on refunding.
- Current versus noncurrent assets and liabilities are being properly reflected in the information being submitted to the Financial Integrity Team.
- Timely reconciliations for general ledger balances to supporting documentation have been performed.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Actions planned in response to finding:

- <u>University of Kansas</u>: To ensure deferred revenues are properly calculated and reflected in the financial statements, the University will provide additional analysis which includes but is not limited to: (1) comparing the credit hours for summer compared to prior year as a reasonableness check, (2) compare assessed amounts and calculated deferred amounts to the prior year to ensure reasonable fluctuation, and (3) perform a calculation of tuition per credit hour to ensure amounts are reasonable compared to tuition rates.
- To ensure the calculations for investment in capital assets, net of related debt includes all of the
 necessary components to the calculation, the University has already included the missing
 components into the calculations and will be reviewing the calculations to ensure all necessary
 components are included.
- <u>University of Kansas Medical Center</u>. The Medical Center will enhance year-end reporting procedures by implementing a checklist as recommended by the auditor.
- Fort Hays State University: Fiscal Year 2018 is the first year the University prepared the financial statements relying solely on the new ERP that went live April 2017. Reports to reconcile the general ledger balances were being modified as the financial statements were being prepared. The combination of the new software and a change in personnel created a delay which forced the University to submit some draft information to the state. As the information was reviewed, updated financial information was remitted to the state. The procedures necessary to provide financial information to the state were documented during the Fiscal Year 2018 preparation. The reports necessary to reconcile general ledger accounts will be fully functional for the Fiscal Year 2019 report.

The University expects to provide accurate financial statements to the Financial Integrity Team for the Fiscal Year ending 2019 and thereafter.

Responsible party: Jeffrey Hunter, Assistant Comptroller – Financial Reporting Services, University of Kansas; Katherine Girgis, Director of Accounting & Financial Reporting, University of Kansas Medical Center; Mike Drees, Controller, Fort Hays State University.

Planned completion date for corrective action plan: June 30, 2019

Plan to monitor completion of corrective action plan: Ongoing; permanent part of process

FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

2018 - 005

Federal Agency: Department of the Interior

State Department/Agency: Kansas Department of Wildlife, Parks and Tourism (KDWPT)

Federal Program: Sports Fish Restoration Program and Wildlife Restoration and Basic Hunter Education

CFDA Number: 15.605 and 15.611

Award Period: July 1, 2017 through June 30, 2018 Compliance Requirement: Cash Management

Type of Finding: Material Weakness in Internal Control over Compliance, Other Matters

Recommendation: We recommend KDWPT develop policies or procedures to retain evidence internal controls surrounding the cash reimbursement process are in place and being followed.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The Department understands the compliance requirement for evidence of internal controls. Appropriate KDWPT official will review each GL Journal (expenses) prior to ASAP draw and review confirmed with signature.

Name(s) of the contact person(s) responsible for corrective action: Carl Magnuson, Federal Aid Coordinator, or Steve Adams, Chief of Planning and Federal Aid Section.

Planned completion date for corrective action plan: Implemented.

2018 - 006

Federal Agency: Department of the Interior

State Department/Agency: Kansas Department of Wildlife, Parks and Tourism (KDWPT)

Federal Program: Sports Fish Restoration Program and Wildlife Restoration and Basic Hunter Education

CFDA Number: 15.605 and 15.611

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Schedule of Expenditures of Federal Awards

Type of Finding: Significant Deficiency in Internal Control over Compliance

Recommendation: We recommend KDWPT develop a more robust internal control that monitors the tracking of all federal expenditures to ensure the proper amounts reported on the SEFA. This includes ensuring indirect costs are accurately recorded as federal program expenditures after each reimbursement request.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action in response to finding: The Department understands the requirements around proper reporting of the Schedule of Expenditures of Federal Awards (SEFA) and that indirect costs are to be included in the total federal expenditures reported on the SEFA. The Department will work with the Department of Administration to verify that the amounts reported on the SEFA include indirect costs.

Name(s) of the contact person(s) responsible for corrective action: Carl Magnuson, Federal Aid Coordinator, or Steve Adams, Chief of Planning and Federal Aid Section.

Planned completion date for corrective action plan: June 30, 2019

2018 - 007

Federal Agency: U.S. Department of Health and Human Services and U.S. Department of Education

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Rehabilitation Services – Vocational Rehabilitation Grants to States; Temporary Assistance for Needy Families (TANF); Adoption Assistance - Title IV-E; Child Care and Development Block Grant and Child Care Mandatory and Matching Funds of the Child Care Development Fund

CFDA Number: 84.126; 93.558; 93.659; 93.575 and 93.596

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Allowable Costs / Cost Principles

Type of Finding: Significant Deficiency in Internal Control over Compliance, Other Matters

Recommendation: We recommend that KDCF evaluate each quarterly cost allocation update and file a cost allocation plan amendment with the appropriate HHS Regional Office when there are significant changes to the cost allocation plan.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: We are filing quarterly plan amendments.

Name(s) of the contact person(s) responsible for corrective action: Program: Fred Halvorsen, KDCF Federal Reporting Manager. Implementation Oversight: Jay Davis, Acting Director of Audit Services

Planned completion date for corrective action plan: July 1, 2019

2018 - 008

Federal Agency: U.S. Department of Education

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Rehabilitation Services - Vocational Rehabilitation Grants to States

CFDA Number: 84.126

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Suspension and Debarment

Type of Finding: Material Weakness in Internal Control over Compliance, Other Matters

Recommendation: We recommend the State ensure all individuals included in the contracting and subawarding processes are trained to understand the federal compliance requirements associated with suspension and debarment. Additionally we recommend the State develop a more robust internal control that monitors the workflow of contract processing surrounding suspension and debarment, including review of existing contracts, to ensure compliance requirements are met.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: In conversations with the auditors, we understand that there were six instances when KDCF failed to provide any documentation in support of the transactions sampled. In the other instances noted, the auditors determined that documentation provided was not sufficient to meet the compliance requirements. We recognize the importance of maintaining documentation in support of transactions and will take steps to ensure this occurs going forward. KDCF will review all grants and contracts and procurement and debarment processes to assess compliance with internal policy and Department of Administration policies and procedures. Depending on the results, we will make internal changes and work with the Department of Administration to ensure that statewide changes in this area occur.

Name(s) of the contact person(s) responsible for corrective action: Program: Dan Klucas, KDCF Director of Operations. Implementation Oversight: Jay Davis, Acting Director of Audit Services

Planned completion date for corrective action plan: June 30, 2019

2018 - 009

Federal Agency: U.S. Department of Education

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Rehabilitation Services - Vocational Rehabilitation Grants to States

CFDA Number: 84.126

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Eligibility

Type of Finding: Significant Deficiency in Internal Control over Compliance, Other Matters

Recommendation: We recommend the State develop a more robust internal control that monitors the workflow of application processing to ensure compliance requirements are met.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: As provided to the auditors following the on-site review, the agency has implemented a weekly email reminder system regarding pending deadlines for eligibility determination. Therefore, it is the agency's position that no additional action is necessary at this time to address eligibility timelines.

Name(s) of the contact person(s) responsible for corrective action: Program: Michael Donnelly, KDCF Kansas Rehabilitation Services Director. Implementation Oversight: Jay Davis, Acting Director of Audit Services

Planned completion date for corrective action plan: Completed

2018 - 010

Federal Agency: U.S. Department of Education

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Rehabilitation Services - Vocational Rehabilitation Grants to States

CFDA Number: 84.126

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Special Tests and Provisions

Type of Finding: Significant Deficiency in Internal Control over Compliance, Other Matters

Recommendation: We recommend the State develop a more robust internal control that monitors the workflow of application processing to ensure compliance requirements are met.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: Rehabilitation Services has established an ongoing monitoring tool to facilitate the timely completion of the IPE. The "Time Remaining" report can be generated from the SQL report server by counselors for their individual caseloads, by Rehabilitation Managers for their units, and by Program Administrators for their regions. The information is updated daily assuring that it has the most current information to assist staff in addressing priorities. The report shows specific case identification and the number of days remaining before timeliness deadlines. It functions as a dashboard highlighting cases in yellow or red depending on how quickly the deadline is approaching. Staff use this report to prioritize required caseload functions. Staff performance on timeliness standards is monitored through the performance evaluation process and regular supervisory meetings.

Name(s) of the contact person(s) responsible for corrective action: Program: Michael Donnelly, KDCF Kansas Rehabilitation Services Director. Implementation Oversight: Jay Davis, Acting Director of Audit Services

Planned completion date for corrective action plan: Completed

<u>2018 – 011</u>

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department for Children and Families (KDCF)

Federal Program: Temporary Assistance for Needy Families (TANF)

CFDA Number: 93.558

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Suspension and Debarment

Type of Finding: Material Weakness in Internal Control over Compliance, Other Matters

Recommendation: We recommend the State ensure all individuals included in the contracting and subawarding processes are trained to understand the federal compliance requirements associated with suspension and debarment. Additionally we recommend the State develop a more robust internal control that monitors the workflow of contract processing surrounding suspension and debarment, including review of existing contracts, to ensure compliance requirements are met.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

The dates of application for these three cases were as follows: In conversations with the auditors, we understand that there were ten instances when KDCF failed to provide any documentation in support of the transactions sampled. In the other instances noted, the auditors determined that documentation provided was not sufficient to meet the compliance requirements. We recognize the importance of maintaining documentation in support of transactions and will take steps to ensure this occurs going forward. KDCF will review all grants and contracts and procurement and debarment processes to assess compliance with internal policy and Department of Administration policies and procedures. Depending on the results, we will make internal changes and work with the Department of Administration to ensure that statewide changes in this area occur.

Name(s) of the contact person(s) responsible for corrective action: Program: Dan Klucas, KDCF Director of Operations. Implementation Oversight: Jay Davis, Acting Director of Audit Services

Planned completion date for corrective action plan: June 30, 2019

<u>2018 – 012</u>

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department of Health and Environment (KDHE)

Federal Program: State Medicaid Fraud Control Units, State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare, Medical Assistance Program (Medicaid; Title XIX) – Medicaid Cluster

CFDA Number: 93.775, 93.777, 93.778

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Eligibility – Eligibility for Individuals

Type of Finding: Significant Deficiency in Internal Control over Compliance, Other Matters

Recommendation: We recommend that KDHE develop a more robust internal control for the review of Aged-out Foster Care cases to ensure that eligibility determination is properly supported and cases are reviewed timely for the termination of benefits.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: Currently, the State of Kansas runs a monthly report on the 1st of each month to identify cases that involve individuals who have turned twenty-six years of age and need to be discontinued due to aging out of the Foster Care program. This report is run by an Operations Coordinator and is due to be completed by timely notice each month. In a timely notice the consumer is notified of the case discontinuance via notice of action (NOA) from KEES. The NOA occurs between the 16th and the 19th of each month dependent upon the number of days in the month.

The State of Kansas is required to notify consumers of any changes to their medical case no less than 10 days prior to the end of the month. Due to this finding, the State of Kansas ran a cleanup report to identify any cases that had this occur prior to the monthly batch report in December 2018. In addition, training material was updated as of February 2018 to account for the Aged-Out Eligibility process. Refresher trainings and coaching are currently being performed. Staff are now required to receive specialized training prior to being allowed to process Aged-Out Foster Care cases.

Name(s) of the contact person(s) responsible for corrective action: Jason Osterhaus, Program Integrity Manager

Planned completion date for corrective action plan: December 2018 for missed cases; on-going for aging-out consumers

<u>2018 – 013</u>

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department of Health and Environment (KDHE)

Federal Program: State Medicaid Fraud Control Units, State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare, Medical Assistance Program (Medicaid; Title XIX) – Medicaid Cluster

CFDA Number: 93.775, 93.777, 93.778

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Eligibility – Eligibility for Individuals

Type of Finding: Material Weakness in Internal Control over Compliance, Other Matters

Recommendation: We recommend that KDHE continue to monitor the applications considered to be backlogged and continue to process oldest applications as a priority. A continued analysis of the priority of staff resources or use of additional resources to help process the applications is recommended to focus on alleviating the backlog issue.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The four identified cases were not processed timely due to residual impact from the past backlog and a defect within the KEES system.

While KDHE worked to resolve the application backlog, a decision was made to continue Medicaid coverage for members due for an annual review regardless if the member returned their review form. This decision was made so as to not adversely impact eligibility for members while resources were being focused on resolving the backlog. Beginning November 1, 2018, KDHE restructured the contract with the eligibility contractor, Maximus, resulting in more defined service level agreements and enforced liquidated damages to for untimely application processing. Since then, KDHE has experienced historical lows for timely processing of applications and Maximus has remained within compliance. These results have been reported monthly to the legislative oversight committee and CMS. KDHE does not currently continue Medicaid coverage without a completed annual review.

Additionally, as part of additional monitoring put into place through review of incident and batch reports, KDHE identified some reviews were skipped due to an issue with batch processing. This was due to three factors:

- 1. Defects identified within the eligibility system
- 2. Worker error
- 3. KEES design issue

The defects were corrected and worker error addressed through focused training. KDHE has submitted a change request to Accenture to resolve the KEES design issue. At this time, the workaround for the design issue is to continue to monitor the incident and batch reports. The skipped reviews were re-ran through the batch process in December 2018.

Name(s) of the contact person(s) responsible for corrective action: Jason Osterhaus, Program Integrity Manager

Planned completion date for corrective action plan: On-going monitoring

<u>2018 – 014</u>

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department of Health and Environment (KDHE)

Federal Program: State Medicaid Fraud Control Units, State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare, Medical Assistance Program (Medicaid; Title XIX) – Medicaid Cluster

CFDA Number: 93.775, 93.777, 93.778

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Suspension and Debarment

Type of Finding: Material Weakness in Internal Control over Compliance, Other Matters

Recommendation: We recommend the State ensure all individuals included in the contracting and subawarding processes are trained to understand the federal compliance requirements associated with suspension and debarment. Additionally we recommend the State develop a more robust internal control that monitors the workflow of contract processing surrounding suspension and debarment, including review of existing contracts, to ensure compliance requirements are met.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The Kansas Department of Health and Environment (KDHE) Division of Health Care Finance (DHCF) and the Kansas Department of Aging and Disability Services (KDADS) is amending the Memorandum of Understanding (MOU) between the agencies to include the requirement that all KDADS contracts in which Medicaid dollars is claimed will include suspension and debarment language. The MOU is signed by the Secretaries of both agencies and staff are mandated to comply with the provisions of the agreement.

Name(s) of the contact person(s) responsible for corrective action: Jason Osterhaus Program, Integrity Manager

Planned completion date for corrective action plan: July 1, 2019

2018 - 015

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department of Health and Environment (KDHE)

Federal Program: State Medicaid Fraud Control Units, State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare, Medical Assistance Program (Medicaid; Title XIX) – Medicaid Cluster

CFDA Number: 93.775, 93.777, 93.778

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Procurement

Type of Finding: Material Weakness in Internal Control over Compliance, Other Matters

Recommendation: We recommend the State develop a more robust internal control that monitors the workflow of contract processing surrounding procurement to ensure compliance requirements are met.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The State is aware of the identified issue and, in collaboration with Department of Administration, is working on addressing the specific steps and quality controls to ensure 100% compliance for future audits.

Name(s) of the contact person(s) responsible for corrective action: Jason Osterhaus, Program Integrity Manager

Planned completion date for corrective action plan: July 1, 2019

2018 - 016

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department of Health and Environment (KDHE)

Federal Program: State Medicaid Fraud Control Units, State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare, Medical Assistance Program (Medicaid; Title XIX) – Medicaid Cluster

CFDA Number: 93.775, 93.777, 93.778

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Special Tests and Provisions – Provider Health and Safety Standards

Type of Finding: Material Weakness in Internal Control over Compliance, Other Matters

Recommendation: We recommend the State develop and implement a cross-training program to ensure there are multiple personnel available and qualified to perform the required periodic site visits in a timely manner when the State experiences turnover in experienced personnel.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: KDADS had identified the noncompliance with inspection intervals for nursing facilities and had determined in large part the noncompliance was due to the inability to hire and retain staff. A request for a budget enhancement to increase surveyor salaries was requested during the 2018 legislative session and was received.

In June 2018, there were 110 surveys more than 15.9 months since the previous survey and an additional 66 that were more than 12 months since previous survey. KDADS changed the survey scheduling process and contracted with HMS to provide assistance with surveys. By January 2019, there were only 2 surveys that were more than 15.9 months since the previous survey and only 18 additional surveys that were more than 12 months since the previous survey.

Name(s) of the contact person(s) responsible for corrective action: Patty Brown, RN MS, Interim Commissioner Survey Certification and Credentialing and Dawne Stevenson, RN, Director Survey and Certification

Planned completion date for corrective action plan: KDADS continues to monitor survey compliance on a monthly basis

2018 - 017

Federal Agency: U.S. Department of Health and Human Services

State Department/Agency: Kansas Department for Aging and Disability Services (KDADS) Federal Program: Block Grants for Prevention and Treatment of Substance Abuse (SABG)

CFDA Number: 93.959

Award Period: July 1, 2017 through June 30, 2018

Compliance Requirement: Special Tests and Provisions – Independent Peer Reviews

Type of Finding: Significant Deficiency in Internal Control over Compliance, Other Matters

Recommendation: SABG should document formal reviews performed by an independent organization similar to the Joint Commission on the Accreditation of Healthcare Organizations or the Commission on the Accreditation of Rehabilitation Facilities.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The State is reviewing options for independent peer review.

Name(s) of the contact person(s) responsible for corrective action: Cissy McKinzie, Block Grant/SUD Program Manager, and Andrew Brown, KDADS Interim Commissioner of Behavioral Health Services.

Planned completion date for corrective action plan: July 1, 2020
